

ISOPE-2011: Renewable Energy & Environment in Maui

CALL FOR PAPERS

The 21st International Offshore and Polar Engineering Conference

Maui, Hawaii, USA, June 19-24, 2011

ISOPE Renewable Energy & Environment Symposium — Renewable Energy & Environment-2011 —

On behalf of the symposium organizing committee, we like to invite experts to *the 2nd ISOPE Renewable Energy & Environment Symposium*. In response to gradual growth in attention to green energy and growing sessions on offshore wind, wave, tidal, and biomass energy at the ISOPE conferences, ISOPE decided to build a framework to expand these sessions and network, holding a full symposium. *The 2nd Symposium* is being organized through collaboration of efforts among university, research organization and industry.

Suggested Technical Topics

- Offshore Wind Energy
- Ocean Energy ; Waves, Tidal, OTEC
- Arctic and Offshore Oil Spill & Countermeasure
- Environmental Modeling and Impact
- Coastal, Marine, Arctic & Antarctic Environment
- Technical aspects by marine biomass energy,
