Welcome to ISOPE EUROMS-99

The exploration of oil and gas in the harsh environment of the Russian Arctic and offshore has shown great prospective. Special pipeline materials and technology are called for. In the development of such technology and environmental solution, the exchange of technical knowledge and fellowship is mutually beneficial to the participating countries.

Coinciding with the 50th anniversary of AO VNIIST, ISOPE and AO VNIIST decided to hold the ISOPE EUROMS-99 in Moscow, focusing on the industry-based topics of pipelines.

We greatly appreciate the excellent responses and help we have received from colleagues in the successful organization of the 2nd ISOPE International Pipeline Symposium (ISOPE EUROMS-99), Moscow, June 7-9, 1999. The symposium features **7 sessions of refereed papers** and **invited papers** from **9** countries.

The purposes of the ISOPE EUROMS-99 Symposium are to:

- promote technological progress and activities, international technological transfer and cooperation, and opportunities for engineers to maintain and improve technical competence; and
 - provide a timely international forum for technical activities, cooperation, opportunity and fellowship among researchers and engineers,
- by developing a focused session topic with high quality papers accepted through rigorous review, establishing high international standards for publication and worldwide distribution and promoting interdisciplinary interaction between academia and industry.

The International Society of Offshore and Polar Engineers (ISOPE) has already held 19 successful international meetings on offshore and Arctic petroleum and minerals technologies and deep-ocean technology.

On behalf of the International Organizing Committee, it is our pleasure to welcome the colleague participants to the ISOPE EUROMS-99 Symposium in Moscow.

GENERAL INFORMATION

PLACE AND DATE: Moscow, Russia; June 7-9, 1999

AO VNIIST
19 Okruzhnoy pr.
Moscow 105058, Russia
(Fax +7095-366-4393)
Located within walking distance from **IZMAILOVO** Hotel.

PARKING: Free parking.

LANGUAGE
The languages for the symposium are English and Russian. Limited translation services will be arranged.

AIR TRAVEL
Most major airlines fly from all major cities around the world to Moscow Sheremetevo 2 International Airport. The participants should plan early and ask their local travel agents to obtain the *most favorable flight ticket prices*. Early bookings may offer lower fares.

CURRENCY EXCHANGE
Currency can be exchanged in the banks and exchange offices. Notice the exchange rate fluctuation. Usually, the rates in the city are better than at airport.

AIRPORT TO IZMAILOVO Hotel
You can reach IZMAILOVO Hotel and VNIIST Moscow Sheremetevo 2 International Airport **by bus and subway or taxi**.
Subway Ride (in Russia subway is named METRO. You can find METRO stations under big red letters M): Take bus or shuttle to Rechnoy Voksal metro station; take **green** line and in some 20 to 25 minutes get off at Station *Teatralnaya* Transfer to Station *Ploshad Revolutsii* on the **deep blue** line and in some 20 minutes get off at Station *Izmailovsky Park*. **IZMAILOVO Hotel** is at the metro station in 3 to 5 minutes walking.
Taxi Ride: It takes about 40 minutes during the off-peak traffic hours and costs some 400 to 500 Rubles. Currency may be changed at the airport exchange office

HOTEL ACCOMMODATION: fill in the Reservation Form in this program and send it by fax to Dr. M. Kamyshev, AO VNIIST; Fax +7095-366-4393

Methods of Payment. No advance deposit is required. Pay directly to the Izmailovo Hotel as you check in. Payment is accepted in Russian Rubles only: no credit cards. Currency exchange is available in the Hotel. It is better to have US Dollars, as other country currencies may be changed in only the banks. Early April rate is some 25 rubles per 1 dollar.

HOTEL TO VNIIST
A person from VNIIST will meet foreign participants at 08:00 Monday at the hotel reception desk. Also, see the scheme p. 12.

CITY TRANSPORTATION
The most convenient transportation in Moscow is

METRO if you can read the station names in Russian. Also, buses, trams and trolley-buses run regularly.

MOSCOW Excursion: Wednesday, June 9

You may reserve a space for an excursion at the symposium registration desk on **June 7**.

OTHER TOURS (make reservations as you arrive at the hotel)

ADVANCE SYMPOSIUM REGISTRATION BY MAIL OR FAX (use the Registration Form): Non-Russian Participants
